

LG ProBeam BF60PST Laser Projector

Versatile combination of compact size, performance and value

- WUXGA resolution (1,920x1,200)**
- 6,000 lumens brightness**
- Mercury Free Laser (up to 20,000 hr. life)**
- No Lamp - Virtually maintenance-free operation**
- Wireless & Bluetooth Connection & webOS™ 4.5**
- Two 5 watt speakers**

The LG ProBeam BF60PST laser projector combines compact size with powerful performance and value. It is loaded with features that make it ideal for government, business and education. This projector delivers 6000 lumens brightness with WUXGA resolution, more than 20,000 hours of laser life, lens shift and 1.6x optical zoom, and other features that makes it versatile enough to be used in a variety of locations. The LG ProBeam BF60PST is also TAA compliant.

WUXGA Resolution

The LG ProBeam BF60PST delivers an incredible 2.3 million pixels (1920 x 1200) utilizing TTI DLP® technology.

Smart Connection

This device provides convenient wireless functionality for collaborative meetings such as screen sharing through wireless mirroring and Bluetooth sound out. You can also browse the internet through the webOS 4.5 web browser.

6,000 Lumens Brightness

The LG ProBeam BF60PST provides brightness that delivers sharp and clear images regardless of external lighting. With 6000 lumens and HDR10 picture quality, viewers can experience vivid and immersive experiences.

20,000 Lifetime Hours

The LG ProBeam BF60PST projector uses a powerful laser diode that displays bright images and lasts up to 20,000 hours. If you play videos on this projector 8 hours a day, then the laser diode would last for 7 years. No more replacing expensive projector bulbs!
