

THE LENOVO® THINKCENTRE® M83 DESKTOP
ENHANCES PERFORMANCE, LOWER COST

NEW SFF PRO WITH ENHANCED EXPANDABILITY

Ease-of-use design to reduce maintenance cost

ADVANCED DESIGN TO OPTIMIZE WIFI EXPERIENCE

Faster data transfer rate than 802.11N³

INTELLIGENT COOLING ENGINE 3.0 (ICE3)

Ensure business continuity with remote monitoring & controlling of PC's thermal performance

PC CLOUD MANAGER 2.0

Remotely manage the system's health and power consumption

The Lenovo® ThinkCentre® M83 is a premium enterprise-class desktop designed for corporate users. Equipped with the latest Intel® Core™ i processor, experience faster processing and better graphics performance. Connect to four monitors efficiently via mosaic mode² for more comfortable conferencing or video viewing. Finally, backed by manageability tools like Intelligent Cooling Engine 3 (ICE3) and Desktop Power Manager 2.0, the M83 is a great investment.

¹ Core i5 and above

² Both two optional DP-to-2DP dongle and Intel® Core i CPU are required

³ Support for 802.11AC

THE LENOVO® THINKCENTRE® M83 DESKTOP

POWERFUL PRODUCTIVITY

- The latest Intel® Core™ i processors with SIPP offer easy PC lifecycle management
- Up to Windows 8 Pro
- Industry Leading Storage Portfolio
 - SSHD supported to boost system performance
 - New SSD improve system performance
 - Up to 2TB HDD for large volume storage needs
- Up to 32 GB memory support for quicker data access
- Ten times faster data transfer with Native USB 3.0 at front
- Optimize the desktop's lifecycle with Intelligent Cooling Engine 3.0 (ICE3)
- Advanced design to optimize WiFi experience

MANAGEABILITY AND RELIABILITY

- PC Cloud Manager 2.0 allows the PC to be managed with just a browser
- Intelligent Cooling Engine 3.0 to optimize acoustics and life cycle
- Enhanced data protection with TPM security chip

GREEN AND SUSTAINABLE

- The latest Desktop Power Manager to allow real-time detection of power consumption
- Achieve 92% power efficiency with 80 Plus Platinum PSU
- The UL Environment Gold certification indicates that the desktop has met the most stringent of three levels of compliance in the industry-wide sustainability standard
- Superior energy efficiency with ENERGY STAR 5.2 compliance
- Reduced environmental impact with EPEAT® Gold compliance

⁶ Special bid only

⁷ The term "10/100/1000" or "Gigabit" Ethernet indicates compliance with IEEE standard 802.3ab for Gigabit Ethernet, and does not connote actual operating speed of 1 GB/s. For high-speed transmission, connection to a Gigabit Ethernet server and network infrastructure is required.

ACCESSORIES FOR THINKCENTRE® M83 DESKTOP

Lenovo ThinkVision® Monitor LT2323z

ThinkCentre® Extend Arm

- Free up valuable desk space and position your display for greater comfort and productivity

Lenovo Ultralim Wireless Keyboard and Mouse Combo

- Low profile design with reliable user experience

DisplayPort Monitor Cables and Adapters

- Expand your visual workspace with Lenovo cables and adapters

SERVICES OFFERINGS

Lenovo® offers a comprehensive portfolio of award-winning services to support and protect your ThinkCentre investment. Succeed with substance, and let Lenovo®'s Service support you all the way.

Priority Technical Support^g

Makes your priority, our priority. 24x7 priority call routing to advanced-level technicians, electronic incident tracking and escalation management services.

Warranty Upgrades – Onsite and Next Business Day

Maximizes PC uptime and productivity by providing convenient, fast repair service at your place of business.

Warranty Extensions (1-to-5 Years Total Duration)

This fixed-term, fixed-cost service helps accurately budget for PC expenses, protect your valuable investment, and potentially lower the cost of ownership over time.

Keep Your Drive

Retain your drive if it should happen to fail, giving you the peace of mind to know that your valuable data is secure.

Asset Tagging

Systems come equipped with a professional, flexible asset tag based on your exact specifications. PCs are easily identifiable and trackable right out of the box.
