My Passport Pro

Portable RAID Storage

Product Features

Transfer, back up, edit in record time

Now you don't have to choose between speed and portability. My Passport Pro, delivers both. With transfer rates as high as 233 MB/s,* this portable drive this portable drive with amazing speed makes it more convenient than ever to take your creativity on the road. Transfer, edit, compile and stream graphics-intensive files in record time and meet your aggressive deadlines.

**233 MB/s achieved on the 2 TB model. 230 MB/s achieved on the 4 TB model. Performance may vary based on hardware and system configuration.*

No power adapter, no extra cables required

Powered directly through the Thunderbolt port on your MacBook®, My Passport Pro frees up space in your field kit by eliminating the need for an AC adapter. And with the integrated cable that is tethered to the drive, you'll never lose your Thunderbolt cable on location.

Durability for your workflow and professional style

The dual drives in My Passport Pro are housed within an anodized all-aluminum enclosure that complements your professional style. With WD drives inside that meet our demanding requirements for durability, shock tolerance, and long-term reliability you can enjoy peace of mind knowing your creations are protected. So whether you're filming a new documentary out in the field and shipping your latest footage back to the studio, or presenting your new portfolio to a client, My Passport Pro is designed for any on-the-go workflow.

Works with Apple® Time Machine® to protect your creative masterpiece

Once you've captured your images, back them up quickly with Apple Time Machine.

Keep your creativity moving

Shipped in RAID 0 for maximum speed and capacity, My Passport Pro helps you edit and compile without skipping a beat. Your workflow keeps moving as fast as your imagination.

Protect your livelihood with RAID 1

Your work is your life. Protect it with RAID 1 mirror mode for double safe data protection. In this mode, the capacity is divided in half so that one half stores your data and the other half maintains a duplicate copy.

Capacity to keep up with your creations

Update your field kit with the high-capacity My Passport Pro. Available in 2 TB and 4 TB capacities, this drive has the capacity you need for your HD videos, photo shoots and other creative files. Finally, you can really take it all with you and keep creating.

Blazing-fast boot drive

Store your system files on this drive and use it as a blazing-fast boot drive so that when your deadline is looming your computer won't slow you down.

Plug-and-play setup

My Passport Pro is preformatted HFS+ J, so it's ready to use with your Mac straight out of the box.

Ready when you are

WD Diagnostics™ performs a S.M.A.R.T. status check on your drive in seconds so you know it's ready to go when your next job comes up.

3-year limited warranty

For added peace of mind, we back the drive with a 3-year limited warranty.
