

HPE Mid-Market Campus & Branch Partner Promotion

Win in the Mid-Market with HPE Mist!

- **Rapid deployment** - Install APs in minutes using QR codes - no spreadsheets, no on-site IT
- **Greater automation** - AI-native operations deliver autonomous actions - eliminate complexity and IT onboarding time.
- **Scale without complexity** - Cloud-native design grows with you without requiring site visits
- **Zero downtime:** Weekly cloud upgrades with no downtime
- **Zero-Touch Zero-Trust access:** Cloud native Access Assurance delivers granular policy enforcement, dynamic segmentation, and continuous monitoring [the bundles do not include NAC so I would remove this]
- **Amazing guest experience** - Frictionless guest onboarding with QR codes or secure branded captive portals
