

Enterprise Video Surveillance Solutions

The Overland Scalable Enterprise Video Surveillance solution is an end-to-end solution that includes integrations for video analytics software and infrastructure. The flexible and modular architecture allows for independent scaling for number of cameras, higher resolution and the retention period. Overland Storage provides tools to quickly size and quote the infrastructure required for small and large opportunities.

A complete reference architecture

Simplified, integrated, automated

High Performance video streams

Data life cycle

Scaling

Integration

Independent of the type of camera used

AVIGILON

BOSCH
Invented for life

FLIR

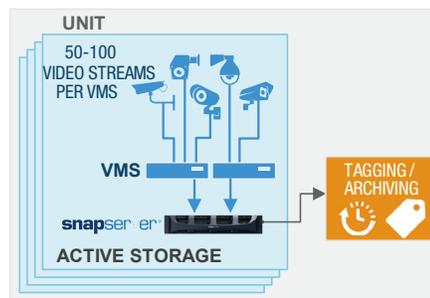

AXIS
COMMUNICATIONS

M

PELCO
by Schneider Electric

Active Storage	snapserver
Archival	TAPE
Data Transport	rdx

5 Units = Block

Flexible, modular architecture for scaling performance and capacity

Working Configurations	For each unit and block
Scripts	Large scale auto-installation
APIs	Integration to move & vault

Racking, power, cooling budgets, management and maintenance

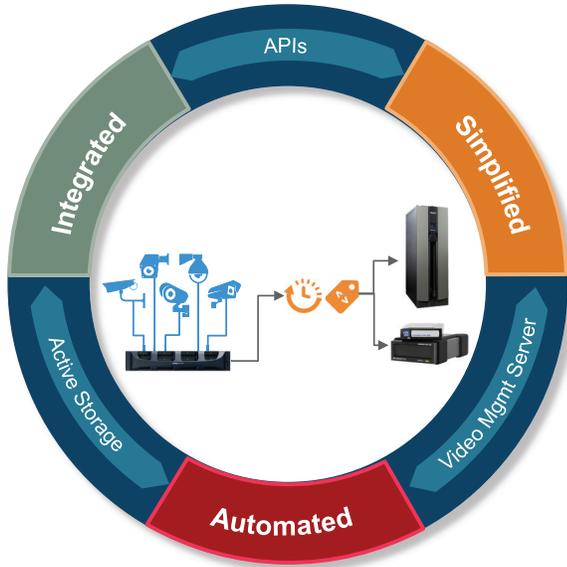

Customers choose Overland Storage for video surveillance

- Best performance and density for 250+ camera streams
- Effortlessly moves data between tiers for more cost effective storage
- Combines ease of use and affordability
- Easily integrates into existing networks
- One of the most recognized brands in the industry
- Over 300,000 systems installed worldwide

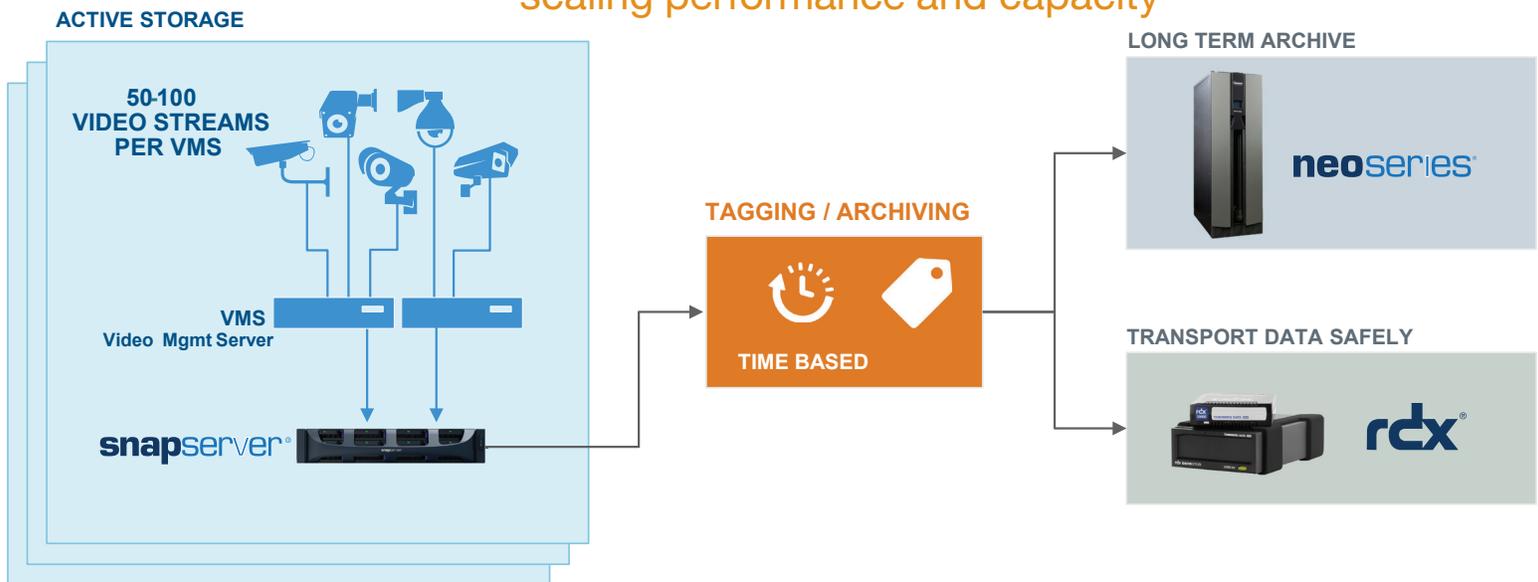

Scalable Enterprise Solution

Flexible, modular architecture for scaling performance and capacity

- High availability with redundancy and backup integration
- Modular architecture allows for a distributed enterprise
- Offsite replication tools offered at no additional cost
- Protects against natural disaster, accidental deletion and theft

Flexible, modular architecture for scaling performance and capacity

City surveillance prevents and solves crimes

Keeping the education campus safe

Hospital and healthcare security systems

Sales and support for Sphere 3D products and solutions are available in over 90 countries. Contact us today at sales@sphere3d.com. For a full list of Sphere 3D addresses and phone numbers, please see our website at: <http://sphere3d.com/contact-us/>.
