Family protection

F-Secure Total includes everything you need

Protect your Windows PCs, Macs, and Android or iOS smart-phones and tablets with one brilliantly simple app.

Total peace of mind online

Whether it's streaming your favorite show, connecting with family, managing your money, or saving priceless memories, your digital moments are precious. And they are all worth protecting. Get complete security, privacy, identity protection and parental controls – all in one app.

Stop malware with top-rated antivirus

Keep your devices safe from malware with our award-winning technology.

VPN to guard your online privacy

Encrypt your connection and hide your real IP address with an unlimited VPN.

24/7 monitoring of personal data online

Find out if your personal information has been exposed in a data breach.
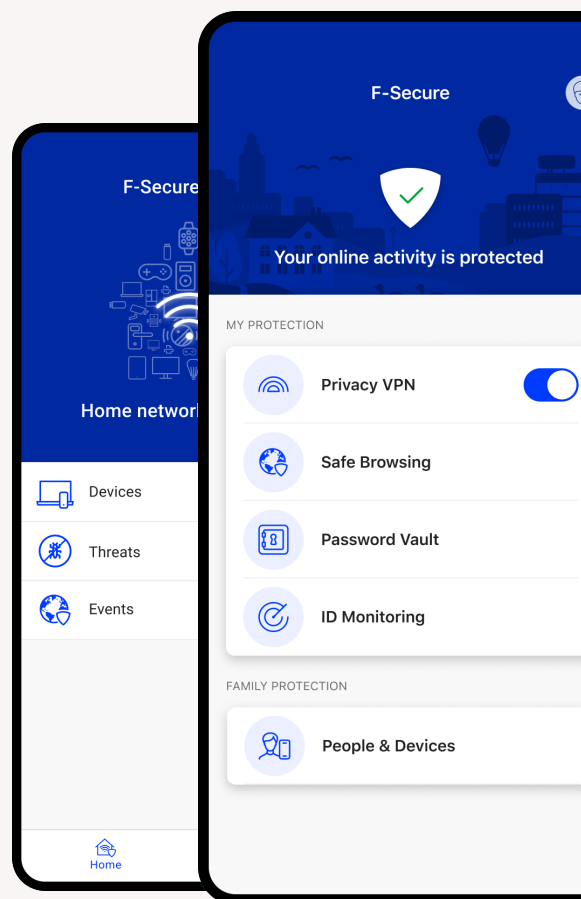

Your money and browsing – protected

Stay safe from harmful web pages when banking, surfing and shopping online.

Privacy on public WiFi networks

Ensure privacy on public WiFi with automatic WiFi protection.

Secure and manage your passwords

Generate, store and access your passwords securely from any device.

Make the internet safer for your kids

Protect your kids online, set screen time limits and block harmful content.
